

The Armored J8 utilizes an innovative armoring system known as Hot-Forming pioneered by Jankel in the market place. The soft skin body is entirely replaced with pressed armored steel and reintegrated OEM J8 parts, mimicking the fine contours of the J8 Utility Vehicle flawlessly.

- Certified by Germany's Beschussamt:  
VPAM BRV 2009 VR7 ballistic and ERV 2010 blast protection.
- Can be widely tailored for VIP and aid worker escort or military and security patrol duties.
