

JANKEL
PROTECTION IS EVERYTHING

HOT-FORMED TOYOTA LC 200

Jankel brings to the market the only fully Hot-Formed Toyota Land Cruiser 200. This advanced method of protection makes the legendary TLC200 a popular and cost-effective solution, rapidly being chosen by military, NGO and government organizations across the world.

Jankel is the only company to offer the fully hot-formed 200 Toyota Land Cruiser, delivering:

- ❑ Lighter armor throughout the vehicle with superior structural integrity offering an increased payload
- ❑ Vastly improved production speed with guaranteed consistency in manufacture
- ❑ Highest levels of live-fire and blast certification available
- ❑ Greater durability resulting in less maintenance
- ❑ Unmatched value through a better protected, lighter vehicle at a competitive price
- ❑ Support packages which go further in regards to customer support in the most hostile of environments than any other armorer

ADDED PROTECTION THROUGH
HOT-FORMING TECHNOLOGY
